

Holiday villa with private swimming pool in Benissa

Villa Monica I is a cozy holiday home located on the beautiful hillside by Benissa coast. Enjoying a quite and peaceful residential area, Monica I provides nice views over the charming Mediterranean hills of "Montemar", due to its elevated position. Only a couple of Min. drive separate us from the coast where a variety of bars, restaurants and a supermarket can be found together with the cove "Cala Baladrar".

By the drive, we find parking for 1 car, from where a set of stairs lead down towards a terrace with a private swimming pool, surrounded by sun beds, a BBQ, all encompassed by a tropical garden and panoramic views over the Mediterranean hills. This two-storey holiday home's accommodation is entirely on the bottom floor, while the upper apartment remains closed and empty during the renting period. From the pool area, external stairs lead up to a cozy living/dining room with Sat+TV+DVD, an A/C and a fully equipped kitchen. We follow toward 1 double bedroom with A/C, 1 double bedroom with twin beds and another bedroom with a single bed. All bedrooms share a shower room equipped with a washing machine.

From the parking place, stairs lead up to a sun terrace with a stone table with seats, ideal to look at the stars in the warm summer nights.
